New Perfection Oil Cook Stove

The hottest flame known to science is a blue flame. Enormous steel girders are out in two with a blue flame. The New Perfection Oil Stove gives you an extremely hot flame directly on the bottom of the vessel you wish to heat. You can boil a kettle of water far quicker on a Perfection Oil Stove than on a cook stove. Why? Simply because with a coal burning stove you cannot get the flame concentrated on the vessel, but the large part of the heat goes out the chimney in the form of smoke. All you have to do is to light a match turn up the wick, and you have as hot a fire as if you wasted fifteen minutes for your cook stove to burn up. Then, too, it is easy to keep in order. To fill the reservoir, turn it upside down, take out the automatic valve that allows only just a sufficient amount to keep the wick thoroughly saturated, pour in the oil until you see by the glass gauge on

the side that it is full, turn it over and put it back. To clean the wick, simply pull it out clean and put it back. There is absolutely nothing to get out of order. But best of all When you want a hot fire turn up the wick, and you can see through the little transparent doors just how high it really is. If you want it to simmer along turn it down. It is simplicity itself. They take up so little room and are such a wonder that there are few home without one. If you haven't this wonderful little oil stove it is a pleasure for us to show you all about it. But you try it in your home, and if you are not thoroughly convinced it saves you money and is the greatest convenience you have had, we will take it back and give you your money. That's a pretty good guarantee but we know you will not part with it once you have proven to your own satisfaction the merits it possesses.

THE
Bentley Bi-Monthly Bulletin

THORPUS SECUNDUS, Editor. A. D. MILLER, Class Teacher.

Issued in the interests of those from this district who are on active service. By the Young Men's Class.

EDITORIAL

We have found it necessary for the time being to omit the date from each issue of the Bulletin, as in this busy season, which has been particularly so this spring, we have been unable to get the issues off regularly. But we intend doing our best to see that you are supplied with news through the columns of this Journal as often per month as the Editor finds himself provided with time to write. Everything it seems is happening on your side of the world and very little on this. We have had a particularly good spring, and no one says much when the weather is good—it is the bad which causes comment, and so without even that to talk about we find ourselves with very little to say.

We are glad to acknowledge the receipt of letters from John Whitesell, Warland Nicholson and Harold Hopkins. We are sorry to hear in the last few days that John has been wounded, but are glad to understand that it is not seriously. Also that Geoffrey Taylor is in the hospital with Trench Fever, and trust he will have recovered ere this.

TEACHER'S TALK

Once more the foe is stayed, though at a tremendous cost. Once more our Canadian men have shown what the men of the North can do and dare, and have put us at home still further in hopeless debt to them. Anything we can do to make things better for you over there we shall be glad to do. We as the Editor tells you have been making progress in supporting the Y.M.C.A. and Red Cross. We are sorry to hear that one of our men is sick and another wounded. God Bless and help you is our prayer.

BENTLEY BREEZES

Percy Thorp has lately received a car load of Overland cars and succeeded in "palming" them off on four of our citizens in their "moments of weakness". He Raymond took a light six, and looks good in it with his best clothes on. Bert Thorp, Jack Nelson and Chris Zimmerman were the other victims.

Harry Brownlow who has been spending some weeks in California, and seeing that State from end to end in a Ford, is about to return, as he states he is out of cash, about tired of travelling, and about sick from being about all night.

The Electric Car which has been on the "hummer" for a few weeks has started to hum again and has made a trial trip up and down the siding. It certainly hums when it is not on the "hummer".

LOCAL NOTES

The Y. M. C. A. drive for funds met with a splendid response from the Bentley portion of the Blindman Valley. The Young Ladies Class assisted in making a canvass of the district. Practically every one was "touched", with the result that \$568.00 was subscribed for the cause.

Conscription is fast taking our young men of the ages from 20 to 22. At the present writing George and Erastus Hankins, Premo Hutchinson, Ralph Morison, Jud Whitworth, Andrew Anderson, Julius Johnson, Gus Shjonsberg, Douglas Wyatt, Don Everden and Charley Whitesell are among those who have been called to the colors.

The Young Men's Class were in such a good position financially, that last Sunday night they were able to vote the sum of \$40.00 towards the ministers' salary for the past year.

The Editor is indebted to Miss Winnie Blish for her assistance in printing the last edition of the Bulletin. We hope we have made arrangements that will mean that this copy will come out in real print for you.

Here's hoping that we shall continue to hear nothing but good news from you all, during this critical time at the front.

LENINE DOESN'T TRUST
PROMISES OF GERMANS

Moscow, May 15.—(By the Associated Press.) The German reply to the protest against German invasion of Russian Territory as a violation of the Brest-Litovsk treaty sent to Berlin by M. Titcherlin, foreign minister, is most conciliatory. It says that the German rule in the Ukraine and Finland is ended and that there is no intention to carry out further aggressions. The note says that Germany will help Russia in the negotiations with the new nations and emphasizes the wish to maintain Russia's friendship.

Germany's changed attitude Nikolai Lenine, Bolshevik Premier, told the Central Executive committee tonight, was due to the international situation and to unexpected difficulties in the Ukraine, but he cautioned the committee against undue optimism, saying that peace is insecure, as treaties are scraps of paper and the Soviet government must utilize to the utmost the respite offered by the temporary differences between the capitalist powers to strengthen its own position. He said that the present alignment may cease and today's enemies may become friends later. He said that it was difficult to maintain neutrality for a country which had not the power to protect it.

JUDICIAL SALE FARM PROPERTY

Pursuant to the judgment and final order for sale, there will be offered for sale by public auction with the approval of a judge of the Supreme Court of Alberta, by Clarence F. Danvers, Esquire, at the Post office at the Town of Lacombe, in the Province of Alberta, on

SATURDAY, 1st June, A.D. 1918 at the hour of one o'clock in the afternoon, the South East Quarter (¼) of Section thirtieth (30), in Township Forty (40), Range Twenty-five (25), West of the Fourth Meridian in the Province of Alberta.

The property is situated eight miles from the Town of Lacombe, and one and one half miles from Chigwell, at which place there is a School and Church.

The soil consists of black loam, averaging from twelve to eighteen inches deep, and the sub soil is clay. There are about fifty acres broken, and eighty acres more that could be broken.

The property is fenced with a two wire fence, and the buildings on the land consist of a one and one half storey dwelling and a small barn. The property is offered for sale subject to a reserve bid which has been fixed by a judge.

The purchaser is required to pay a deposit of ten per cent of the purchase price to the Vendor's Solicitors at the time of the sale, and the balance is to be paid into court within Sixty days without interest.

In all other respects the terms and conditions of sale are the standing conditions of the Supreme Court of Alberta.

Further particulars can be obtained from the Vendor's Solicitor, A. M. MacDonald, Lacombe, Alberta.

Dated at the Town of Lacombe, in the Province of Alberta, this 16th day of May, A. D. 1918.

GERMAN ATROCITIES TOO REVOLTING FOR PUBLICATION

London, May 22 (via Reuter's Ottawa agency)—The Times gives prominence to further authenticated atrocities, systematic torture and cold-blooded murders of British prisoners in Germany, in which the sum total of the evidence is incredibly inhuman.

There is an instance of the British soldier at Minden who was deliberately shot dead because a dozen Britishers did not want to draw the ration of filthy, drinkable wash served as coffee.

At Merzberg a number of seriously wounded and wholly unfit British soldiers were after vain protests forced to work twelve hours a day. Soon they did not satisfy the Germans who ordered the British to commence at four in the morning. The men refused, but after brutal blows all except two gave in. Sentries with kicks and blows drove the two recalcitrants over to the work.

One of these British soldiers held up a badly wounded hand to show the sentries he was unfit for work. He was thereupon shot dead and the body thrown into a dirty washhouse. A German officer on a visit of inspection shook hands with the murderer. The body was buried the following day in the presence of a crowd of jeering Germans.

At Schneidmühl the British prisoners, without huts, had to live in holes in the ground which the prisoners themselves scooped out. One mor-

ning at bread parade a sentry gave an order to one of the Britishers which was not understood. The sentry rushed at the prisoner and struck him, the latter thereupon going to his hole in the ground. German officers then ordered that an example be made of the British prisoner, although he had committed no offence.

He was captured and stripped to the waist and tied up to a barrel. Six Germans with thick wooden staves which are used to hold up barbed wire beat the prisoner for ten minutes over the head and back and the body. The prisoner who was swooning, was tied up to a post and left there. Subsequently a German officer came up and struck the prisoner with his sword and spat at him, calling him "English Swine." The British prisoner never recovered, a week later dying, and neutral representatives visiting the camps were informed that his death was due to typhoid.

At Langensalza camp three hundred wounded British soldiers arrived in the night time and were herded into a hut but without bedding or blankets. By the next morning five had died. The remainder were taken out into the sun and left there for three hours when seven died. Subsequently, through calculated neglect and ill treatment fifty succumbed. The funerals at this camp from the summer of 1917 to the spring of 1918 were the grossest scandal, and the details in the evidence are too revolting for publication.

PUBLIC MAY HELP IN THE NEW BANKING HOURS

Beginning with the first of June, the public will do its banking from 9:30 to 2:30 on all weekdays except Saturday, and from 9:30 to 1:30 on Saturday. Because of the depletion of all bank staffs owing to the war, the Canadian Bankers' Association, has decided on the above arrangements in order to expedite the work and allow the overworked bank clerks to complete their day's work at a reasonable hour.

The association points out that by this arrangement banking hours are not shortened in fact, the bank is open one half hour longer on Saturday than formerly—it is merely an adjustment.

"The one thing necessary to the successful carrying out of this change," said a banker in speaking of this matter "is that the public shall bank as early as possible in the day, otherwise they will be confronted with congestion in the bank around closing hours. It is simply a matter of educating the public to the new order of things," he said. "They have become so accustomed to having the banks open till 3 o'clock that it will no doubt be difficult for many to remember the new regulation at first."

Another way in which the public may assist in lessening materially the work of the depleted bank staffs is by reducing the number of checks issued. This they may do by drawing one check for a larger amount and paying small bills in cash, instead of issuing individual checks for each one.

The banks realize, however, that the paying of bills by check has become a part of the bookkeeping system of most financial houses, and it is not thought that it is the intention of the association to disturb this system, but it is only to point out to the public that where it is convenient, the method referred to would facilitate the work of clerks since the time and the labor involved in handling a check for one dollar is exactly the same as that taken in handling one for \$1,000.

GERMAN OFFENSIVE STARTED;
SOLDIERS OF KAISER MOWED
DOWN BY INVINCIBLE ALLIES

PARIS May 28.—The results of the first day of the long expected German Offensive are considered as competent French quarters as satisfactory. By paying the price, it is contended, it was inevitable that the enemy could gain ground. After a terrific struggle throughout the day, yesterday, the Germans, at a ruinous cost, advanced at the farthest point three and a half miles.

Military authorities say that the enemy has won enough ground to bury its dead, and that is all. At no point has the Entente Allies been pierced.

The Germans are endeavoring to increase their initial gains, and the plans probably will be developed according to the results they obtain. The French communications in the Soissons region are exceptionally good, permitting the rapid sending up of reserves. Consequently the essence of the problem from the German point of view is speed. The results of the fighting thus far are regarded as justifying the confidence felt in France.

The ground over which the battle raged today is the famous Hog Back along which runs the Chemin des Dames, won by the French a year ago. Southward from this ridge run spurs to the Aisne river 350 feet below. Ravines of varying widths separate these spurs. It was down one of the widest and longest of these ravines, between Vercol-Courtonne, and Moussy, that the enemy made his most successful thrust.

AMERICAN HEADQUARTERS ON THE FRENCH Front May 27.—In the simultaneous attack of three German raiding parties against the American positions today in Picardy, the enemy penetrated the first line to a depth of 200 yards. The brilliant counter attack threw the Germans out, and the Americans kept on till they had entered the enemy's first line trench, where they remained until ordered back.

AT THE REX

The big special for Red Cross night Thursday, is another of those Triangle plays, the very last word in moving pictures. "Seeking Happiness" is the title, and Enid Bennett is the popular young star in the leading role. It is the story of a sorrowful little heiress and a whole souled young Canadian boy who broke the fetters that bound her to unhappiness. This is a play that had a great run in New York, and is now released for the first time in Alberta. There is no raise in price for these splendid productions. Miss Ella Simpson will take her music on this occasion.

SIR HERBERT TREE IN "MACBETH" AT THE REX

One of the most stupendous film plays ever produced will be the attraction at the Rex theatre on Friday and Saturday. "Macbeth" as a play, has been seen or read by nearly everyone; the star, Sir Herbert Tree, was without question the greatest Shakespearean actor of history; the director D. W. Griffith, is the foremost producer of motion pictures today numbering among his successes the two greatest film productions ever made "The Birth of a Nation" and "Intolerance."

In making this film play, the producers combine every essential which goes to make an unusual film production, and it was the desire of Sir Herbert Tree that his acting in public be recorded before the camera for future generations. Prices 20c. and 35c.

For Monday night Mary Miles Minter will be shown in "Melissa of the Hills."

In "Melissa of the Hills" Miss Min-

ter is cast as the little daughter of a poor preacher in the hills of Tennessee who is loved by the entire country side but whose charm is not potent to quell the mountain feuds that have persisted for generations.

Miss Minters Characterization of the young girl brought up in savage surroundings who has preserved all the sweetness and simplicity of her nature is wonderfully appealing. She makes "Melissa of the Hills" a real heart throbbing drama and lends vitality to the sad grey career of Jenro Stark, the circuit riding preacher, whose devotion to humanity is his undoing.

On Tuesday and Wednesday, that beautiful little star Gladys Hulette will be in Lacombe again. She is starring in a Pathe Masterpiece, "The Streets of Illusion," said to be a picture worth while. Pathe is recognized as producing the most up-to-date photo plays in the world, and the beautiful colored productions have no equal.

Talk about the high cost of living. Henry Langrock took two sows to market this week, and received in payment for them a little more than \$180. The animals were for slaughter. We always thought Henry was a Modest man but he assures us that he took the money without blushing.

Among the boys who left on Sunday for Petawawa with the 78th Battery were J. Vickerson, Fred Young and Victor R. Lockery.

Pte. Frank Whitfield, a member of the Lacombe platoon of the 151st Battalion, and who was transferred to the 8th Battalion overseas, returned home last week. He was wounded severely at the battle of Vimy Ridge last year, and has been invalided to Canada. He reports that the other members of the old platoon have given good accounts of themselves, and the boys who are still in the fighting are all in good health.

R. W. Golding has resigned his position as constable of the Town of Lacombe, and will probably take a position in the Dominion Police.

W. Parsons, who enlisted in the navy a couple of weeks ago and was sent to headquarters at Esquimaux, was re-examined when he arrived at that point and was turned down for weak lungs. He returned home on Monday. "Bill" can hardly understand what is wrong with the military business, as it appears that the boys who want to go are not allowed to go while lots of men who do not want to go are being taken. He intends to try some other branch of the service.

The citizens of Bentley are sending a weekly news letter to all the boys from their district who are with the forces, and one of these bulletins appears in this issue. It would be a good idea if all districts would do likewise, and the Western Globe will be pleased to help in this case. The news bulletins are printed on slips after they appear in the Western Globe, and these slips are mailed to each man individually. The cost is very small.

Nobody will object to the millers of Canada, both large and small, making a fair profit. But bread is too much of a luxury to permit profiteering from its manufacture and the people of the country will support any government action that will prove equitable to all concerned.

The decision of the federal government not to permit alien enemies to purchase school lands will be generally welcomed. We have been too lenient altogether with these people and the governments' action is a step in the right direction.

CAUGHT IN A BELT

Albert Stearns a youth of about 19 years died at the Memorial Hospital Red Deer, on Wednesday, as the result of injuries received in Cumming's Saw Mill west of Gilby.

On Friday morning, though he had been warned of the danger, he was putting on a belt on a moving shaft in the mill, when the belt got wound up in the shaft and his right arm got caught in the belt. He was drawn to the shaft and the end of the loose revolving belt hit him heavily across the head and back rendering him unconscious. He was brought the fifty miles to Red Deer, but the concussion of the brain was too serious to give him a chance for life.

He was the second son of Mr. and Mrs. C. W. Stearns, who came in from Iowa six years ago, and was a good lad. Mr. T. E. Cummings who runs the mill, was his brother-in-law.

CENTRE VALLEY NEWS

On Wednesday evening, Mr. and Mrs. C. H. Whitworth gave the boys who have been called to the colors from Centre Valley and vicinity a banquet and dance. The affair was held in McPherson's Hall at Bentley. The music was furnished by Boode's Rex Orchestra. The night was fine.

the roads were splendid, and nothing was left undone that would add to the enjoyment of the evening. After refreshments were served, Mrs. J. H. Evenden, on behalf of the Centre Valley Women's Club, presented each of the Centre Valley boys with a fountain pen.

The boys called from Centre Valley are Tom Snively, Don Evenden, Bert Whitworth, Geo. Hankins, Russ Hankins, Ed Hunt and Ralph Gileon. The club will meet with Mrs. Fred Ellsworth on Friday May 31. Come prepared to work. Mrs. M. C. Slaughter, Sec. Treas.

CANADA

MILITARY SERVICE ACT, 1917

PUBLIC NOTICE is hereby given that, by

the effect of the regulations of the Governor General of Canada in Council of the 20th of April, 1918, and the Proclamation of 4th May, 1918, recently published, every man British subject resident in Canada, born on or since the 13th of October, 1897, who has attained or shall attain the age of 19 years and who is unmarried or a widower without children must, (unless he is within one of the classes of persons mentioned in the schedule of Exceptions to the Military Service Act) report as hereinafter directed on or before the 1st day of June, 1918, or within ten days after his 19th birthday, whichever date shall be the latter.

Such report must be in writing and must give his name in full, the date of his birth and his place of residence and also his usual post office address.

NOTE: The men required to report should address their reports as follows:

ONTARIO—To the Deputy Registrar under the Military Service Act, 1917, London, if they reside in the County of Essex, Kent, Lambton, Elgin, Middlesex, Oxford, Waterloo, Wellington, Perth, Huron, or Bruce.

To the Registrar under the Military Service Act, 1917, Toronto, if they reside in the County of Lincoln, Welland, Halton, Norfolk, Brant, Wentworth, Halton, Peel, York, Ontario, Grey, Dufferin, Simcoe, or in the Districts of Muskoka, Parry Sound, Algoma and Nipissing north of the Mattawa and French rivers (including the Townships of Ferris and Bonfield).

THE McLAUGHLIN VALVE-IN-HEAD

Light Six Touring Car

E-Six-63

Refined and improved in detail though unchanged in general design the new McLaughlin Light Six E-Six-63 appeals more than ever to motorists who want the power and flexibility of a six-cylinder car at the price of a four.

Last year's D-Six-63 proved a very popular model in its class. In the model E-Six-63 the cowl has been lengthened and the front seat raised. An all-steel body has been adopted with special cross-bows to make it rigid. An improved rear spring suspension makes the Light-Six extremely comfortable over any road.

In design this model is most pleasing. There is ample tonneau room—wide, well-upholstered seats—full "U" doors.

The valve in head motor developing 44 H.P., insures ample power to negotiate hills on high gear as the car is light. Low, slow-setting, semi-elliptic springs, generous tire equipment deep upholstery, and full security and shelter, combine a delightful degree of ease and restfulness.

The strong smooth power-flow from the McLaughlin light six engine, the ease with which the car is handled, the beauty, the grace of its lines—all add to an enjoyment—a mental comfort—that is permanent and real.

The McLaughlin Light Six has made many records for fuel and tire economy.

The McLaughlin Light Six E-Six-63 stands unchallenged in its price class for beauty of design, efficient mechanism and general all-round motor car value.

CANADA IS FORCED TO MAKE MORE SACRIFICE FOR ENGLAND'S SAKE

Ottawa, May 22.—The Canada Food Board is in receipt of a cable from the British Ministry of food, containing the news that meat economies in Canada and the United States have greatly relieved the meat and bacon shortages in Great Britain and have made possible the restoration of the normal compulsory rationing.

The necessity of building up a reserve of food as a protection against any contingencies is emphasized strong however, and it is urged that there be no slackening in Canadian efforts to provide foodstuffs for the mother country.

The cable says: Thanks to the splendid response from Canada and the United States the shortage which was threatened in beef and bacon is now no longer as serious as it has been during recent weeks, and the meat ration which was reduced from the workingman's point of view almost to the vanishing point has now been restored to the normal amount under the compulsory rationing system. Supplies of butter and cheese, however, are still inadequate to meet the requirements, but it is hoped that the imports of Canada will remove anxiety as regards our position in these commodities.

The fact that it is now feasible to maintain the scale of compulsory rationing must not be taken to mean that there is any surplus of food in Britain. Under the conditions of war such as this, it would obviously be an elementary precaution to build up as large a reserve of food as possible in an island which is menaced by submarine blockade. No such reserve is yet in sight and there should be no slackening in Canadian effort to provide foodstuffs for the mother country.

RELIGION OF JEWS FORBIDS THEM TO REGISTER SATURDAY

Calgary, May 23rd.—As national registration day which will probably be fixed for June 22 comes on Saturday which is a holiday for the Jews and one on which they are forbidden to write, arrangements are under way by which followers of that religion may be allowed to register on the Thursday or Friday previous, according to C. W. Smith, superintendent of registration for Alberta. Mr. Smith was in the city last night on his way to Edmonton, and when discussing the matter said he had just received word from Ottawa to that effect. As this change is made to meet the requirements of the Jews, they will be asked to obtain their own registration books and to provide the deputy registrars with assistants for that day without pay.

TAR AND FEATHERS

Souix Falls, S. D. May 21.—Hart Duxbury, a wealthy farmer living near Spencer was tarred and feathered by a crowd of fifty farmers after he had been taken from the jail, where the coat was applied. It is alleged that Duxbury declined to buy Liberty bonds or subscribe to the Red Cross when asked to, which aroused much indignation.

MONTREAL POLICE ARREST RETURNED SOLDIERS AS IDLERS

Ottawa, May 22.—There was a sequel in the house this morning to yesterday's decision on the Yukon election case. The solicitor general introduced the bill for extending in the case of the Yukon territory the period in which the petition may be filed by 40 days after the general returning officer had made his returns. The bill provides that the soldier's vote cast shall be counted, notwithstanding the time when they are polled.

Hon. Mr. Murphy wanted to know if it was true that an arrangement had been made under which bank clerks of 20, 21 and 22 years of age, liable to report in June and July, had been granted exemption to January 1, 1919 and whether the reason given for such exemption was that the clerks would be required to help in the next Victory Loan.

Sir George Foster replied that the minister of the militia was not present in the house at the moment and promised to confer with him on the matter during the day.

Hon. Charles Murphy asked whether there was anything further to report on the strike situation in Winnipeg.

Mr. Crothers said he had nothing further than was contained in the latest news dispatches. He hoped to be able to report favorably before long.

A. R. McMaster drew the attention of the government to an abstract of a long-lost order-in-council which, he said, was taking place in the city of Montreal. The Montreal police he stated, had arrested a number of returned soldiers because they were idle. Mr. McMaster said that these men should be entitled to a few weeks' idleness after their return from the front.

GERMANS FEAR RHINE CITIES WILL SUFFER FROM ALLIED AIRMEN

London, May 22.—Twelve German airplanes were brought down during Monday air fighting by British aviators, while gunfire accounted for another and an additional two were driven down out of control.

The French testify the brilliant work of the Entente airmen who, prisoners say leave the Germans no peace. Fears are expressed regarding the future operations by Allied airmen on the Rhine cities, which they believe will be laid in ruins. The Germans declare their anti-aircraft defences are insufficient to prevent the Allies visiting either day or night the Teuton Camps, cantonments, depots and airfields, where they say enormous damage already has been done.

Other prisoners assert that Emperor William hesitated a long time before starting the offensive this year, but Ludendorff obtained the upper hand by promising to force peace by beating the Allies by Easter. The Crown prince with the military caste in Germany, they say, succeeded in ejecting Rudolf von Valentini from power after he had predicted a catastrophe for the German armies. Von Valentini was chief of Emperor William's civil cabinet and was replaced last September by von Berg. Von Valentini's removal was hailed by the Pan-German newspapers as a triumph to their cause.

MARY CONGDON'S BODY FOUND IN EDMONTON

The body of Mary Congdon, whose disappearance in Edmonton engaged the attention of the entire Province last October, was positively identified Friday morning by W. R. Pierce of the telephone department, at whose residence the girl lived and William Terry of the undertaking rooms of Connely-McKinley on Rice Street. The parents of the young woman, who was 26 years of age at the time of her disappearance, arrived in the city on Friday from Duhamel and are expected to attend the inquest to be held by Coroner Dr. Furin in the Connely-McKinley room Saturday evening.

The body was found at the river's edge Thursday evening, near the Great West mine, by G. H. Cayanagh a mine employee, who immediately communicated his discovery to the provincial police.

A post mortem examination of the body was held Friday morning under the direction of Dr. Revell, provincial government, provincial police and examining medical men are held in the belief that there was nothing about the body to indicate violence. They all agreed on the theory of suicide. Certain suggestions in relation to Miss Congdon's character which were circulated as an explanation of her sudden disappearance were conclusively disproved by Friday morning's post mortem.

William Terry a friend and one of those testifying to the identity of the body saw Miss Congdon at 5 p.m. on the evening of her disappearance, October 25th, a few hours before she attended the revival meeting in the first Baptist Church. It was following his revival that she disappeared from view. He was by her family and the provincial government for discovery of her whereabouts approximately \$2,000.

The finding of Miss Congdon's body Thursday evening has resulted in a conclusive refutation of the theory held by the city and provincial detectives that Miss Congdon met her end in the river. With the exception of one detective, a provincial man, they all ridiculed the idea that Miss Congdon had been abducted by unknown persons. Following the tragedy sensational stories in support of the latter theory were circulated to discredit the city police and resulted in considerable uneasiness among the women folk of the city. The ending of the Congdon case, one of the most puzzling in the local police annals, has settled for ever the absurd claims of Miss Congdon's being lost to her family through the machinations of motor bandits.

SOCIAL SERVICE HOME

Many have heard of the Social Service Home for girls in Edmonton. Mrs. Rev. W. F. Locke, well known here, is president of an auxiliary which undertakes in part the upkeep, and has a share of the management. They have at present fifteen girls from 14 to 18 years old. They take them up to 20 years. It is an institution providing home, religious, moral, manual and educational training, and medical treatment. An effort is being made to interest people living in other towns and rural districts, especially girls and young women who enjoy the blessing of good parents and homes. The W. C. T. U. is aiding a department of Social Service, with Miss May Heine as convener. The immediate request is for clothing (second hand) suitable for girls from 14 and older. Any woman's clothing, only partly worn, can be remodelled, also shoes and hats are desirable. Persons who will contribute anything are requested to leave same with Mrs. (Dr.) Sharpe. Butter and eggs, or any garden or farm produce which can be shipped, also money, will be very acceptable.

BOYS OF NINETEEN

Boys of sixteen years of age can report to the Registrar under the Military service act, Calgary, by registered letter before June 1st, giving name, address, the A.P.P. informs the Globe. Full particulars were dispatched from Ottawa to Registrar Carson on Tuesday. Just now it is not known if any exemptions will be granted, or if all men under this section of the act will be ordered to report for duty.

Replace Your Buggy With a Ford

MORE than 100,000 Fords are owned by people in Canada in preference to the old horse-drawn buggy and other makes of cars.

Your neighbors, and farmers in every section of the Dominion are abandoning their old buggies—selling their driving horses and buying Fords.

Ford cars are utility cars. They are built to endure the strain of constant daily use over rough roads.

These are the tests every farmer gives his car. The Ford meets them in a satisfactory manner. It is the farmer's car, so why not replace your horse and buggy with a Ford?

THE EXHIBITION

Arrangements are now nearly completed for the Lacombe exhibition and prize lists will be ready for distribution in a couple of weeks. The list is better than ever, and the directors are striving for a record.

One interesting feature this year is the large amount of money set aside for the children's competitions. Over \$500 is offered. The competitions are open to boys and girls, residents of the Lacombe district under 17 years of age. The animals may be pure bred or grade and are not required to be owned by the exhibitor. One entry only may be made by the same exhibitor in each class. Exhibitor must have fed, cared for and fitted his or her entry from June 1st 1918, and must personally exhibit the entry in the show ring. The exhibitor must personally care for animal and attend to all finishing touches personally. In no case shall the parent or herdsman fix the entry up for the show ring.

Animals entered in girls and boys classes are not eligible to compete in the regular classes at the same time. Parents, guardians or employers must certify that the applicant is eligible as to age and has complied the conditions of the competition.

AMUSEMENTS FOR WEEK ENDING JUNE 4TH

Wednesday night the special will be 20,000 Leagues Under the Sea by Jules Verne a stupendous Universal Production featuring Captain Nemo, Mighty Wizard of the Deep. Here of the wonderful Submarine Photo Drama, flashing scenes from ocean earth and sky that surpasses all the dreams of fiction. When you see this epoch making drama you will have seen the most daring, the most sensational and most revolutionary achievement in cinema history.

Friday and Saturday "Retreat of the Germans from the Battle of Arras and the glorious victory of the Canadians at Vimy Ridge. The most vividly interesting series that has yet come from the war zone. They can not fail to be a source of inspiration to

all who see them. Illustrating as they do the unflinching cheerfulness, the indomitable spirit and the resourcefulness of our Canadian soldiers in all the difficult and trying conditions of modern warfare.

The Public who patronize this exhibition may feel assured that they are contributing by their patronage towards the assistance of wives and dependent relatives of the soldiers who have gone from THIS DISTRICT to the firing line. Many of your friends will be seen in this Picture. The most marvelous War Film ever shown.

Monday & Tuesday next week "Tides of Barneget" starring Blanche Sweet in an adaptation of F. Hopkinson Smith's famous story. A thrilling drama of the life of a little colony of fisherfolk near the famous bay on the Jersey coast. In this newest Lasky Paramount Picture, Miss Sweet portrays the role of a school teacher who bears the blame of her sister's shame, sacrificing even the love of her own sweetheart, and is about to be driven from her village in order that her nest and blood may be protected. "The Tides of Barneget" is by far the greatest novel contributed by Mr. Smith—full of action from start to finish. In the cast supporting the star are such prominent players as Elliot Dexter, Tom Forman, Lillian Leighton and little Billy Jacobs.

Wednesday and Thursday—Inner Shrine, starring Margaret Blincoe marks the second appearance of the actress one of the greatest stage actresses of the day. The novel itself proved a distinct sensation as a novel, and has won a world wide reputation for its author Basil King, as a novel. The great variety of settings ranging from Paris and New York to the midst of the jungles, adds great interest to the fascinating story.

RURAL DEANERY OF RED DEER

The Rural Deanery of Red Deer met on Tuesday and Wednesday, the guests of St. Luke's church Red Deer, when the work of the Deanery was reviewed in preparation for the opening of the Synod of Calgary on June 4. The executive of the W. A. entertained the

delegates at tea on Tuesday. At the evening service the sermon was by Rev. H. Assiter of Lacombe. Communion service was held at 8 o'clock Wednesday morning. It was decided to recommend to the Bishop the appointment of Rev. A. D. Currie, of Pine Lake, as Rural Dean, in place of Rev. M. W. Johnson, resigned. The delegates present were:—Lacombe, Rev. H. Assiter, Mr. Parsons; Alton, Rev. M. Holdom, Mr. Farby, Mr. Manbridge; Drumheller—Rev. E. Brant, Mr. Austin; Pine Lake—Rev. A. D. Currie, Mr. R. E. Fiske; Innisfail—Rev. Mr. Orton; Castor—Rev. W. J. Merrick; Red Deer—Rev. Gordon Matthews, Mr. A. G. Ayres, Messrs. J. A. Carswell and Mr. W. Cassels are the lay delegates from St. Luke's to the Synod.

Hail Insurance

Arthur and Irvie Lundy, returned soldiers, intend writing Hail Insurance in this district this season. Both these boys have been casualties and as they are not yet placed in any other occupation I would like so far as I am concerned to leave the field clear to them. They will carry the papers of my two Companies, "The Hartford" and "The Employers' Liability" than which there are none better in the business, and I would ask any one who might have given me his application to give it to the boys instead, as while the papers for those Companies must at present go through my office they will receive the full commission.
